

# Cippenham Table Tennis Club

## Temporary parking and access solution during demolition phase of older part of school building

The usual parking area adjacent and behind the table tennis centre will **not** be available.

Instead, it will be necessary to park at the front of the site and walk around the west and north sides of the table tennis centre and then use the entrance into the school's sports area and from there enter the table tennis playing hall to the right.

On Saturday and Sunday 28/29 March (Senior British Clubs League) additional (overflow) parking will be available on the school's playing fields. To access, go through the gate marked on the above map. This gate is opposite Renaissance Bathrooms and Kitchens. To access the table tennis centre from here it is not necessary to walk back along Cippenham Lane, instead cross the playing fields and follow the pathway at the rear of the school for convenient access to the table tennis centre's temporary access door.
